Since 2004, Ascension Logistics has been streamlining supply chains, solving complex problems with advanced technologies, creating simple solutions. Experience matters, and we have decades of experience solving some of the biggest supply chain challenges out there. We work directly within the operations of software and supply chain giants, helping them climb to the top of their industries and achieve unlimited success.

If you are a person who wants to go the extra mile and have that effort count in your career and rewards, we are the company for you.

Job Description

Ascension Logistics, Inc is a supply chain consultancy operating in Southeastern Wisconsin. We are seeking new graduates or those with <3 years' experience to work and learn alongside the Operations Team. This position reports to the VP of Operations and is responsible for performing duties for both US citizen employees and H-1B employees.

Experience Preferred

- Supply Chain Solutions
- SQL coding
- Working knowledge of Windows Office 365 applications
- Strong communication skills in English language
- Willingness to learn, grow and evolve

Required Qualifications

- Any degree/major in Computer Science, Logistics, MIS, Software Engineering, or equivalent experience in a technology related field.
- Excellent communication skills, both written and verbal.
- High level of empathy, integrity and confidentiality.
- Ability to work independently and manage time effectively.
- Strong problem-solving skills and ability to analyze complex situations.
- Ability to prioritize, multi-task, and maintain a high level of organization and efficiency within the Department.
- Proficiency in Microsoft Office 365.
- Willingness to learn new skills, adapt to organization changes, and take on new responsibilities.

We are an equal opportunity employer and considers all qualified applicants equally without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, veteran status, or disability status.
