LUMINATE WAREHOUSE TASKING

INTELLIGENT TASK OPTIMIZATION

In a fast-moving marketplace, maintaining the highest level of efficiency and the lowest cost of operations is an ongoing challenge. With Blue Yonder Luminate Warehouse Tasking, Ascension Logistics can meet the demands for faster deliveries with shorter order-to-ship cycles in a constantly changing warehouse environment.

The Ascension Advantage

Reduced Labor Costs

Reduce administrative overhead by reducing manual task manipulation and enabling focus on value-added activities.

Enhanced Visibility

Increase throughput by improving dock utilization and prioritizing nearly completed shipment (in and out).

Improved Performance

Increase efficiency through improved orchestration of picks and replenishments.

On-Time Delivery

Increase throughput with improved dock utilization, smart appointment scheduling and yard management.
